

# February Valentine

# Promotion

Open a share savings, share draft or special savings account during the month of February and you will be entered into our drawings. The first drawing will be on **Valentine's Day**, February 14th with another drawing to follow on the 28th.

February is also **American Heart Month** and time to remember how important it is to have a yearly checkup to include blood pressure and cholesterol tests.

We love our members and wish everyone a heart healthy life!
